Direi, manca una dipendenza da python3-whitenoise?

(una volta che quello è installato anche octonet si installa apparentemente correttamente - provato ripiallando la chroot ed installando prima whitenoise e poi octonet.)

Aggiunta la dipendenza. Ho dovuto alzare la versione a 0.1.1 via setup.py, ne parlero' poi con enrico per capire meglio la gestione di questo aspetto e dei sorgenti rispetto a reprepro.
